1. EXPERIENCE | AFAME Technologies

- **Web Development Intern (Remote) | Front-End Development · Portfolio Management | Dec 2024 - Jan 2025**
 - Collaborated with 30+ peers, each developing individual front-end projects, by offering design feedback and usability insights.
 - Redesigned responsive layouts using minimal techniques, boosting user engagement by 25% and performance by 15%.

2. PROJECTS

- a) **Prompt-Driven Development with ChatGPT | Generative AI · Prompt Engineering · Self-Learning | Jan 2023 – Present**
 - Built 5+ Web and AI-based projects by breaking down ideas into prompts and iteratively refining code with ChatGPT as a development partner.
 - Engaged in 200+ prompt cycles to fix errors, enhance UI/UX, and implement features — showcasing rapid learning, flexible approach, and iterative AI-assisted development.
 - Gained hands-on experience through 100+ prompt-based iteration, reflecting self-driven learning and effective troubleshooting in real-world project development.
- b) **Voice-Based Collections Assistant | Prompt Engineering · VAPI.ai · GPT-4o Mini · Deepgram · ElevenLabs | Jul 2025**
 - Built a real-time voice agent for collections, verifying identity via DOB/SSN with 100% logic coverage across 8+ test cases.
 - Authored a secure, natural-sounding system prompt handling 7+ edge scenarios (e.g., mismatch, pressure, silence).
 - Optimized assistant flow and tone using VAPI settings (timeouts, idle prompts), reducing test failures by 90%.
- c) **Prompt RPG Game | Prompt Engineering | May 2025 – On Hold**
 - Designing a text-based RPG with 10+ branching choices, enabling players to role-play as students and unlock 5+ unique storylines and endings.
 - Features engaging narratives, 30+ rich dialogues, and 10+ AI-generated visuals to deliver an immersive, personalized experience.
